

NIAGRO

NIAGRO

For over 30 years, Niagro has specialized in the production of Acerola-based products, becoming a market leader since 1995 due to its high quality standards, full traceability, high vitamin C content and commitment to sustainability.

We offer a wide range of Acerola-based products, including **purees**, **concentrates**, and **powders**, all designed to meet the diverse needs of our customers in more than 20 countries.

With the growing demand for more natural, less processed, and healthier products, the natural vitamin C from Acerola, along with other beneficial properties of this fruit, serves as an excellent alternative to artificial preservatives.
